## CSCI Open Ended Questions

### What did you like most about this course and instructor?

Students
the content is helpful and the lecture is clear and interesting.
Liked the course content. Definitely helpful to keep up with the latest research in this area.
The course structure and presentation
The instructor is knowledgeable and communicate well.
The course focused on variety of topics in the mobile computing vertical which is a plus. The research papers were really good and helped me get a good grasp of the subject.

### What did you like least about this course and instructor?

Students
a little bit heavy reading materials.
Project work is really time consuming
Too much readings with some of the papers hard to understand.

### What could the instructor do to improve the course or his/her teaching effectiveness?

Students
maybe some real coding in the future course.
Could also add some papers on internet of things. Also include some project ideas in IoT.
I think the instructor is outstanding, very knowledgeable about the subject matter.
Instead of two or three summary assignments, a 2-3 week mini project can be a good substitute.
